*Iced Tea Syrups*

Our nine carefully created syrups are the easy way to add thirst-quenching black, green and sugar-free iced teas to your menu.

## SWEETBIRD ICED TEA SYRUPS

We've created our iced tea range to help you create speciality iced teas in an instant. With 9 refreshing flavours, from traditional teas to syrups with added exotic fruits, green tea and fragrant botanicals, the range delivers sophistication in a syrup. It delivers simplicity too. No more brewing hot tea and waiting for it to cool (hoping it's the right strength). Simply add a few pumps to a pitcher of still water, chill, and you have the perfect iced tea that's ready to pour when you are. Or stir up spontaneous sales with a pitcher of cool iced tea on the counter – there's nothing more quaffable on a hot summer's day. Make any of these teas in an instant with sparkling water for extra refreshment.
