Sugar-free Syrups

Give customers all the taste and sweetness
they crave, without the sugar

SWEETBIRD SUGAR FREE SYRUPS

Deliciously sweet yet sugar-free, we've created this syrup range so you can give customers all the taste and sweetness they crave, without the sugar. There are nine much-loved flavours available; from our classic top three - caramel, vanilla and hazelnut - to sunny iced teas and spicy gingerbread. Each one tastes as delicious as the original, meaning there's absolutely no need to compromise on flavour. Broaden your appeal to customers who are conscious about sugar-consumption or calories, or simply switch your syrup offering to entirely sugar-free.

- Made in Bristol, UK
- Free from artificial colours and flavours*
- Free from GMOs
- Peach, Lemon and Raspberry Iced Tea syrups made with real fruit juice and black tea extract
- Vegan Society approved

THE PACKS

1 litre PET bottles

Approx 62 standard 12oz drinks or 41 12oz iced teas per bottle

All our syrups are approved by The Vegan Society.

*except Sugar-free Gingerbread

THE COLLECTION

Big flavours without a spoonful of sugar in sight, it's the Sweetbird sugar-free range:

CARAMEL

All the deliciously rich and velvety tones of our classic 'go-to' caramel syrup, without the sugar.

GINGERBREAD *seasonal*

There's nothing quite like a gingerbread latte to bring a little joy and warmth over the colder months. We've packed all the deliciously sweet and fiery flavour of our classic gingerbread into this sugar-free syrup, available through autumn and winter every year.

HAZELNUT (250ml)

You'll enjoy the same sweet, toasty flavours and nutty aroma that makes our classic hazelnut so popular. We've used natural flavourings derived from nut-free compounds - meaning this syrup tastes authentically of hazelnut yet is made with nut-free ingredients.

PEACH ICED TEA

This peachy syrup delivers light refreshment all round. Blending real peach juice with black tea extract, just 3 pumps is all you need for a thirst-quenching 12oz iced tea. Serve with still or sparkling water, ice and lemon.

RASPBERRY ICED TEA

Our own vibrant blend of raspberry juice with real tea extract for a deliciously refreshing lift. Serve wonderfully refreshing, sugar-free iced teas in an instant.

LEMON ICED TEA

This refreshing summer flavour is perfect for iced tea drinks, bringing together a light balance of tangy real lemons and black tea. Made without sugar, just sweet enough on a summer's day.

UNFLAVOURED

A versatile syrup that adds sweetness without adding flavour. This works perfectly as a liquid sweetener for any drink, without altering the flavouring profile as a flavoured syrup would.

VANILLA (250ml)

Our version of the versatile classic adds a dash of vanilla sweetness to any drink. Sweetbird Sugar-free Vanilla works well in classic coffees but also especially well with adaptogens. Add 2 pumps to a matcha latte for a cup of silky green goodness, or try an Iced Bakewell Tart Latte by shaking 1 pump with single espresso, beetroot powder and almond milk.

SALTED CARAMEL (250ml)

Our balance of sweet and salt delivers a match made even more heavenly by the fact it's sugar free. Add to iced coffee or white hot chocolate for more unexpected drinks.

3 syrups available as cases of 6 x 250ml glass bottles

HOW-TO-MAKE

Iced Tea / Strawberry Soda 12 oz / 355 ml drink

1. Add 3 pumps of syrup to cup
2. Fill to $\frac{3}{4}$ with still or sparkling water
3. Stir and add ice cubes to fill
4. Garnish and serve

Make it a skinny latte

Serve skinny lattes by switching classic syrup to sugar-free and whole milk to skimmed. Plant-based unsweetened milks such as oat, coconut or almond are also great for helping cut down the calories in your coffees, while also adding extra flavours and making them vegan-friendly.

Flavoured Latte 12 oz / 355 ml drink

1. Combine a double espresso with 2 pumps syrup in the cup
2. Top up with steamed milk

DOSAGE & DISPLAY

Make the most of your sugar-free syrups by using our black Sweetbird branded syrup pumps. These give a 8ml dose to ensure accurate and consistent portions.

For an organised and professional looking counter, present your syrups in our black syrup stand, designed to hold three syrup bottles.
