CARAMEL SYRUP

Rich and velvety, our caramel flavour is deliciously moreish and versatile. Use it to make the perfect caramel latte, or something more adventurous such as a millionaire's frappé.

VANILLA SYRUP

Our version of the versatile classic; adds a dash of sophistication to any drink. The syrup most likely to appear on a menu, and most popular with customers. This is a great place to start if you are new to syrups.

HAZELNUT SYRUP

We've infused the sweet taste and nutty aroma of hazelnut to create a syrup which works beautifully with coffee and chocolate. We have specially developed our hazelnut syrup with natural flavours that don't contain nuts.
