

SWEETBIRD®

BRISTOL ENGLAND

*Frappé & Granita Base*

Bringing a luxuriously thick consistency to milk  
and ice - the perfect liquid neutral base for endless recipes

## FRAPPÉ & GRANITA BASE

Creating endless combinations of cool, frozen granitas and thick, smooth frappés is made easy with Sweetbird Frappé & Granita Base. Developed by our experts, the liquid base blends perfectly with any number of Sweetbird products, from fruit filled purées and smoothies to the creative and classic flavours of Sweetbird syrups. The neutral base allows other ingredients to burst through while giving grantias a refreshingly icy texture and frappés a silky smooth consistency.

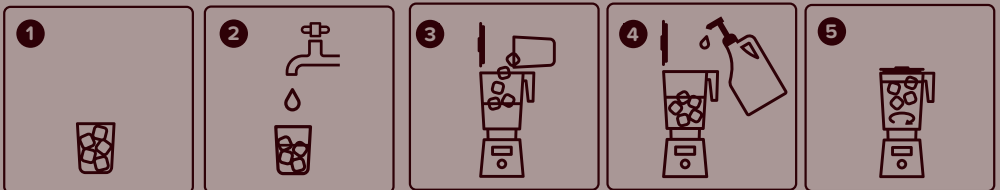

With only two pumps needed for a 12oz drink the base adds just a little sweetness, and in true Sweetbird fashion is approved by The Vegan Society, making it perfect to use with non-dairy milk and espresso for a house frappé. Order with the Sweetbird Frappé & Granita Base pump for a consistent 10ml dose each time.

- Neutral flavour
- 25% less sugar in 1 portion of Frappé & Granita Base (20ml), compared to Vanilla Bean Frappé (40g)
- Free from hydrogenated fat and GMOs
- Approx. 95 x 20ml servings per 1.9 litre bottle
- Base ingredient to add purées and syrups to make frappés and granita's
- Free from artificial colours and flavours
- Vegan Society approved

## HOW-TO-MAKE

Granita - 12oz / 355ml drink

Fill glass with ice, level to the top of the glass

Pour water over ice to 3/4 full

Pour contents of glass into blender jug

Add 2 pumps (20ml) of frappé & granita base, along with choice of flavouring

Put the lid on tightly and blend on 14 second 'Granita / Medium milkshake' cycle
